*** BME-Cat Data**
The data in the price list is generally updated immediately so that an up-to-date list can be provided promptly.
The current status is indicated by the date in the header on the right.
Although our BME-Cat data is updated at regular intervals, there may be temporary deviations from the current price list.
This is because the creation of the BME-Cat file requires a large number of changes to be made in advance.
We therefore ask for your understanding.
